Aquatic Wildlife Health Issues  
Dr. Iske Larkin course coordinator  
University of Florida, College of Veterinary Medicine

I. Course information for Year 2016  
Number: VME 6011, VME 4013, VEM 5372  
Semester: Spring  
Course credit: 3 (2 credits for UF DVM students)  

Graduate (VME 6011): Section 135F UF students; Section 1349 non-UF students  
Undergraduate (VME 4013) Section 1344 UF students; Section 13BE non-UF students  
UF CVM (VEM 5372) in-state 1238, off-book 124G  

To Access the course, please go to: https://lss.at.ufl.edu/ starting Tuesday, January 5th 2016, hit the e-Learning in Canvas button and log in with your Gator link username and password. You should see the following link at the top of the page: VME4013/VME6011/VEM5372: Aquatic Wildlife Health Spring 2016.

II. General information  
Course director: Dr. Iske Larkin, PhD  
Office location & office hours: E-learning web mail; 8am-5pm EST M-F during the course  
Office phone number: 352-294-4095  
Email: IVLarkin@ufl.edu  

Course Faculty: Shirley Baker³, Don Behringer³, Bob Bonde¹,⁸, Alex Costidis¹³, Claire Erlacher-Reid¹⁰, Mark Flint⁹,¹¹, Trevor Gerlach¹², Elsa Haubold⁹, Jeff Hill¹, Iske Larkin¹, Hendrik Nollens¹⁰, Roger Reep¹, Alicia Reid, Kent Vliet³, Jim Wellehan¹, Randall Wells¹,⁵, Graham Worthy⁷, and Roy Yanong³  
¹ – University of Florida, College of Veterinary Medicine; ² - University of Florida, College of Liberal Arts and Sciences; ³ - University of Florida, College of Agricultural and Life Sciences; ⁴ – Chicago Zoological Society; ⁵ – Florida Fish and Wildlife Conservation Commission; ⁶ – University of Central Florida; ⁷ - U.S. Geological Survey, Sirenia Project; ⁸ - University of Queensland, School of Veterinary Science; ⁹ - SeaWorld, San Diego; ¹⁰ - Florida Aquarium; ¹¹ – The Animal Medical Clinic; ¹² – The Animal Medical Clinic; ¹³ – University of North Carolina, Willmington  

Teaching Assistant: Dr. Ashley Barratclough - barratclough@ufl.edu  

Prerequisites  
At least 2 courses beyond basic Biology I & II (BSC2010 & 2011) in the following scientific fields: physiology (example-PCB4723C), anatomy (example-ZOO3713C), ecology (example-PCB4043C), behavior (example-ZOO3513C), vertebrate zoology (example-ZOO4307C), or instructor permission.
If you have technical problems with accessing the course web site, you should contact UF computer support:

- e-mail learning-support@ufl.edu
- call (352) 392-4357 - select option 2
- ‘e-Learning Tutorial’ link to the left within E-Learning/Canvas

Their office hours are as follows: **Monday-Thursday:** 7:30am-10:00pm EST  
  **Friday:** 7:30am-5:00pm EST  
  **Weekends:** 12:00pm-6:00pm EST

### III. Course description

**Course goals/ Educational goals:** To introduce students to the natural history, anatomy, physiology, behavior, and common health issues of aquatic wildlife such as: whales and dolphins, seals and sea lions, manatees, sea turtles, crocodilians, fish and invertebrates. Students will practice scientific writing skills with a term paper requirement. Students should be able to differentiate between normal and unhealthy animals by appearance and behavior, and have a working knowledge of common natural history and health issues of the species covered.

**Course Organization:** The class will focus to a large extent on lectures and a significant amount of reading from book chapters and primary scientific literature on the topic chosen for a given module, and discussion to establish a baseline of information on marine mammals, sea turtles, crocodilians, fish and invertebrates.

- The MediaSite lectures are taped seminars given by individuals from various institutions, as listed above, who are experts specializing in the topics covered.
- Rather than have exams, students will be expected to review the reading material and the MediaSite lectures, then complete the module quiz and related homework assignments. The quizzes within each module may be taken 3 times before the due date, are open book, and the highest score will count towards your grade.
- Adobe Connect sessions will be provided every other week as an opportunity to ask questions in real time. It is preferred that all students attend the real time session, however due to the asynchronous set up of the class, it will NOT be required. Students WILL be asked to provide questions through the discussion board prior to the Q&A session. Questions will be covered during the sessions, which will be taped, allowing access through a link to be viewed at the student’s convenience. Extra credit will be provided for those students who are able to make the live sessions.
- Module homework assignments will include items like a 2 page review and critique of a scientific journal article, 10 slide power point presentation and literature searches of scientific publications.
- Undergraduate students will be asked to write a 5 page review paper on an aquatic health related topic. Students will have opportunities to hand in drafts of sections and conduct/receive classmate reviews before the final paper is due.
- Graduate students will be asked to write a 5 page grant proposal to study a related aquatic topic and like the undergrads, will have opportunities to hand in drafts of sections and conduct/receive classmate reviews before the final paper is due.

Grades will be proportioned as indicated in the table below (see: **V. Evaluation/ Grading/ Testing**) and will be based on TA and Professor assessments outlined in provided grading rubrics.

Learning objectives, directions for assignments, lectures and due dates will be provided within each learning module.

**Course Outline & schedule:**

*Generally you will see the following schedule each week, but some exceptions may occur:*

**Quizzes and Homeworks** are due on alternating Sundays at 6:00 pm EST within each module. Some homework assignments may have a Part 1 & Part 2, with Part 1 due earlier than Sun.

Adobe Connect **Question & Answer sessions** will be held Thursdays 3:00 – 4:00 pm EST (sessions will be taped and can be viewed asynchronously)

The class will open on May 11th 8:00 am EST

**IV. Course Materials**

- Reading material will be provided in PDF format through links on the E-learning/Canvas site and should be reviewed before viewing the MediaSite lectures.
- MediaSite lectures will also be provided through links on the E-learning/Canvas site.
- From the background reading material and MediaSite lectures provided, students will be asked to answer questions from a quiz, under the ‘Quizzes’ link.
- Within modules students may have related discussion questions for the electronic message board on the given topic or assignments, found under the ‘Discussions’ link. Homework within modules, found under the ‘Assignments’ link, will include items like a 2 page review and critique of a scientific journal article, 10 slide power point presentation and literature searches of scientific publications.
- Undergraduate and graduate students are expected to write a term paper. *Graduate* students will write a 5 page grant proposal on an aquatic animal related topic. *Undergraduate* students will be asked to write a 5 page review paper on an aquatic animal health related topic of their choice. Students will have opportunities to hand in drafts of sections and conduct/receive classmate reviews before the final paper is due.

Directions for assignments, lectures and due dates will be provided within each learning module.

*Library Support*
Hannah Norton has agreed to provide assistance with accessing the UF library system and conducting literature searches. She can be reached at nortonh@ufl.edu and she has access to the E-Learning class web page.

**MediaSite Lectures**

If you are having trouble accessing the lectures through the MediaSite Link, when prompted you need your Gator Link User Name and Password and you may need to download Silverlight if it does not automatically prompt you to do so. You may install Silverlight through the following link: http://www.microsoft.com/getsilverlight/Get-Started/Install/Default.aspx

**Note on assignments**

When applicable (meaning not for the website discussion board postings), assignments must be in a MS Office document format (use .doc or .docx for documents, .ppt or .pptx for powerpoint, etc.) Sorry Apple people. You can use iWork, but just save the file as .doc, etc. and prepare for cross compatibility issues. If you do not have MS Office for Windows/Mac or iWork for Mac, there is a freeware version of such software that is compatible. You can find it at www.OpenOffice.org. The files created with this software can also be saved as .doc, .ppt, etc. If this is something you would like to do, but need some help you can contact the campus computer support group (e-mail learning-support@ufl.edu, ‘e-Learning Tutorial’ link to the left within E-Learning, or call (352) 392-4357 - select option 2).

For the most current information on the computer requirements, please visit this page before the course begins: https://wiki.helpdesk.ufl.edu/

**V. Evaluation/ Grading/ Testing:**

**Feedback**

You will find feedback on your assignments in the same site where the homework directions are found, under the Assignments link. Discussion assignments will also be graded and feedback is also under the related Assignment link. Grades for the assignments, discussions and quizzes will show under the Gradebook link and should be provided approximately 2 weeks after the due date.

Feedback on the quiz answers will be provided after quizzes are due. You can find this under the specific quiz link. E-Learning grades the quizzes automatically. Homework and term paper grades will be based on TA and Professor assessments outlined in provided grading rubrics.

### Graduate and Undergraduate, for-credit, students:

<table>
<thead>
<tr>
<th>Percentage</th>
<th>Performance &amp; Knowledge of Subject Area</th>
</tr>
</thead>
<tbody>
<tr>
<td>90%</td>
<td>Ability to satisfactorily integrate reading material, discussions, and writing assignments as demonstrated</td>
</tr>
<tr>
<td>30%</td>
<td>Completing quizzes</td>
</tr>
<tr>
<td>30%</td>
<td>Homework assignments (equally weighted across modules) – includes critical review of a scientific paper, a power point presentation, discussion board postings etc… (Rubric point scales for each assignment are for grading and feedback. Differences in point scales do not reflect differing % to final grade between assignments.)</td>
</tr>
<tr>
<td>30%</td>
<td>Literature Review paper &amp; Review- undergraduates</td>
</tr>
<tr>
<td></td>
<td>Grant proposal &amp; Review - graduate students</td>
</tr>
<tr>
<td>10%</td>
<td>Participation</td>
</tr>
<tr>
<td></td>
<td>Participation in Q&amp;A sessions</td>
</tr>
</tbody>
</table>
For CE students:

<table>
<thead>
<tr>
<th>90%</th>
<th>Performance &amp; Knowledge of Subject Area</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>Ability to satisfactorily integrate reading material, discussions, and writing assignments as demonstrated</td>
</tr>
<tr>
<td>45%</td>
<td>Completing quizzes</td>
</tr>
<tr>
<td>45%</td>
<td>Homework assignments (equally weighted across modules) – includes critical review of a scientific paper, a power point presentation, discussion board postings etc…</td>
</tr>
</tbody>
</table>

(Rubric point scales for each assignment are for grading and feedback. Differences in point scales do not reflect differing % to final grade between assignments.)

10% Participation

Participation in Q&A sessions

CE students will receive a certificate of completion for grades of a C or better, all other students will receive their calculated letter grade as indicated above.

For Veterinary Students:

<table>
<thead>
<tr>
<th>100%</th>
<th>Performance &amp; Knowledge of Subject Area</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>Ability to satisfactorily integrate reading material, discussions, and writing assignments as demonstrated</td>
</tr>
<tr>
<td>50%</td>
<td>Quizzes</td>
</tr>
<tr>
<td>50%</td>
<td>Homework assignments (equally weighted across modules) – includes critical review of a scientific paper, a power point presentation, discussion board postings etc…</td>
</tr>
</tbody>
</table>

(Rubric point scales for each assignment are for grading and feedback. Differences in point scales do not reflect differing % to final grade between assignments.)

Note – Homework assignments completed past the due date will automatically be graded -10% as late. Points will continue to be removed over time past the due date an additional -10% per day.

Late quiz submissions will not be accepted. You must submit at least one quiz ~10 min before the final due date/time for the system to be able to process and recognize your submission or it will give you a 0.

If there are problems and you find yourself falling behind, contact me ASAP. Notifying me after the fact will not add points back that have already been removed. Please be prepared to provide documentation, such as a doctor’s note or other official paperwork with your name and date of event should something come up to prevent you from participating in the class (ex – illness, car accident, death in the family etc…)

All work conducted should be done independently unless specifically indicated in the assignment directions. Any writing should be your own thoughts or a summary of other reading material. Plagiarism will result in a 0 for the assignment and depending upon the severity of the issue may result in a 0 for the class.

Turnitin is a plagiarism Checker and will be used within the course.

UF Counseling Services
Resources are available on-campus for students having personal problems or lacking clear career and academic goals. The resources include:
   UF Counseling & Wellness Center, 3190 Radio Rd, 392-1575, psychological and psychiatric services.
   Career Resource Center, Reitz Union, 392-1601, career and job search services.
Many students experience test anxiety and other stress related problems. “A Self Help Guide for Students” is available through the Counseling Center (301 Peabody Hall, 392-1575) and at their web site: http://www.counseling.ufl.edu/cwc/

Honesty Policy
All students registered at the University of Florida have agreed to comply with the following statement: “I understand that the University of Florida expects its students to be honest in all their academic work. I agree to adhere to this commitment to academic honesty and understand that my failure to comply with this commitment may result in disciplinary action up to and including expulsion from the University.” In addition, on all work submitted for credit the following pledge is either required or implied: “On my honor I have neither given nor received unauthorized aid in doing this assignment.” If you witness any instances of academic dishonesty in this class, please notify the instructor or contact the Student Honor Court (392-1631) or Cheating Hotline (392-6999). For additional information on Academic Honesty, please refer to the University of Florida Academic Honesty Guidelines at: http://www.dso.ufl.edu/sccr/honorcodes/conductcode.php

Accommodation for Students with Disabilities
Students who will require a classroom accommodation for a disability must contact the Dean of Students Office of Disability Resources, in Peabody 202 (phone: 352-392-1261). Please see the University of Florida Disability Resources website for more information at: http://www.dso.ufl.edu/drc/. It is the policy of the University of Florida that the student, not the instructor, is responsible for arranging accommodations when needed. Once notification is complete, the Dean of Students Office of Disability Resources will work with the instructor to accommodate the student.

If comfortable, please also contact the instructor directly after registering for this course so we can ensure accommodations are met in a timely manner.

Software Use
All faculty, staff and student of the University are required and expected to obey the laws and legal agreements governing software use. Failure to do so can lead to monetary damages and/or criminal penalties for the individual violator. Because such violations are also against University policies and rules, disciplinary action will be taken as appropriate.

EVALUATIONS - Don’t forget to evaluate your instructors, visit the UF Evaluation site at:
https://evaluations.ufl.edu/evals/
